

C-STORE CONNECTIONS

Acumera's C-Store Connections delivers an MNSP solution with unmatched network security, visibility and remote access

C-Store Connections with MNSP gives you:

- Perimeter firewall and network segmentation
- AcuLink™ secure, PCI compliant, remote access to POS, ATG, DVR and other devices
- Gilbarco certified Managed Network Service Provider (MNSP)
- AcuVigil™ dashboard and app catalog access
- Acumera 24x7x365, US-based, proactive network support
- WAN failover enabled (modem and data plan not included)
- ATG tank monitoring

Optional Premium Services:

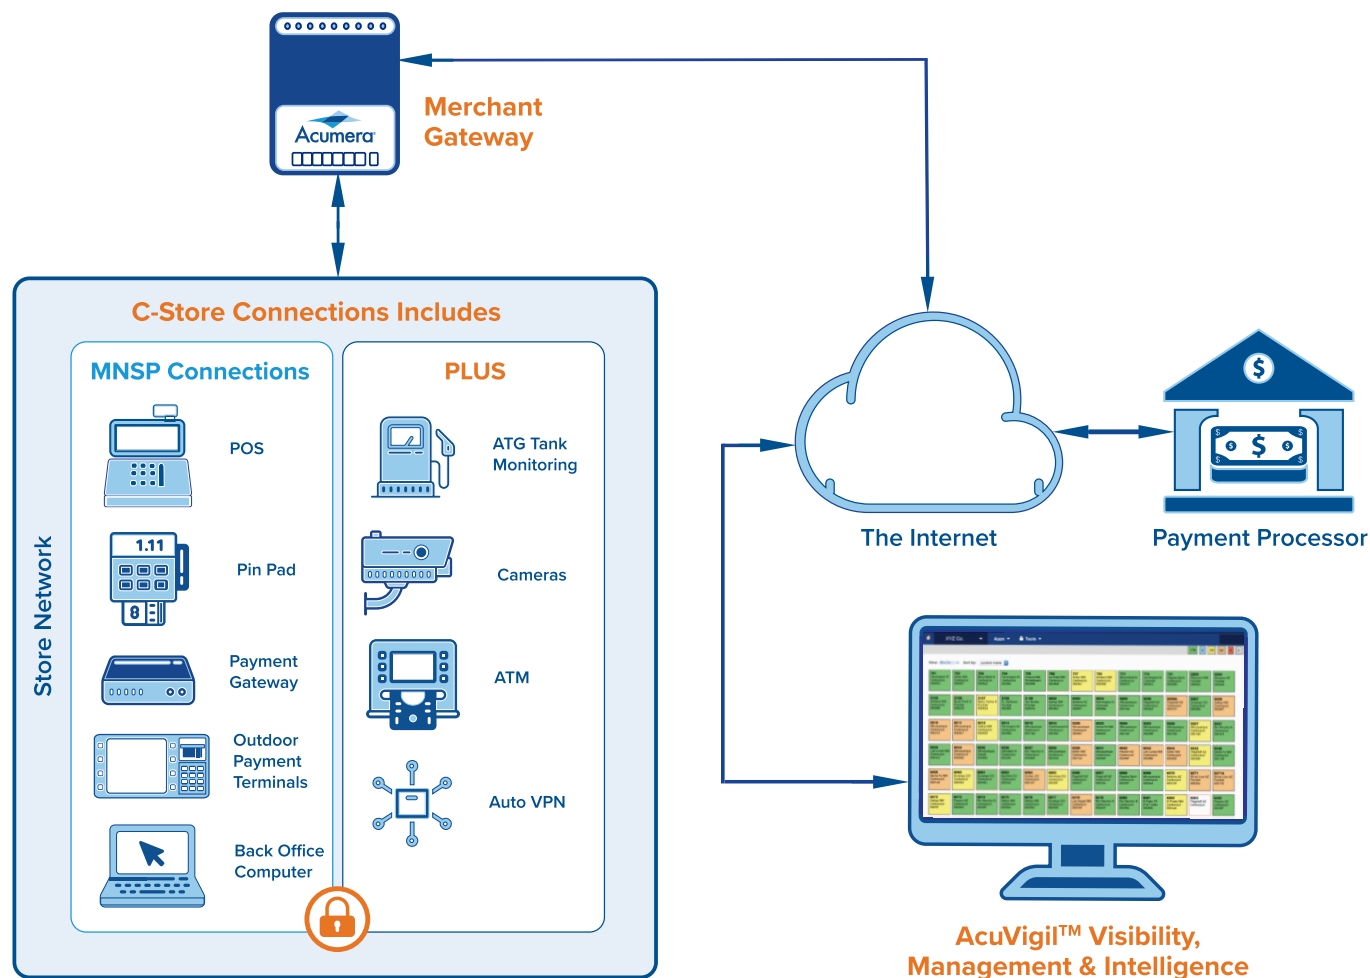

- Loyalty
- Analytics
- External scans
- Internal scans
- Cellular WAN failover services
- Auto VPN service

C-Store Connections Protects Your Entire Network

At the heart of Acumera's solution is our Merchant Gateway, an advanced firewall and application platform. Our AcuVigil Dashboard adds unmatched visibility and provides a range of apps for management, monitoring and analytics.

C-Store Connections is a bundle of services that includes the payment systems protection of MNSP Connections with a more comprehensive solution that fully secures all network-connected devices.

About Acumera

Acumera provides managed security and network visibility for the payment systems and operations of multi-site retail and restaurant businesses. Our clients focus on growing their business by using Acumera's services, remote systems visibility, strong data security, and simplified compliance services. Since 2002, Acumera has been a trusted network partner for thousands of networks.
